

Take Action – Create An Account on BlogTalkRadio.com

This action step requires you to **create an account on BlogTalkRadio.com** so that you can provide feedback on our radio broadcasts.

Once you create an account on BlogTalkRadio.com, you will be able to log in and write comments on each episode, plus you can log in during live broadcasts and participate in the online chat with the show's guests.

First, start your internet browser (e.g., Internet Explorer, Firefox, Safari), and go to www.blogtalkradio.com and click on the link at the

top right corner of the page that says [Register](#). You will see a page that looks like the picture on the right side of this page:

On the page to the right, fill in each blank, starting with a username. At the bottom of this screen, there are three checkboxes. You must check the box next to “I agree to the User Agreement”, but I recommend that you uncheck the other two boxes. Once you’ve filled out all the blanks and checked the first checkbox, click on the blue button labeled “Next: Confirm Email.”

- OR -

If you already have a FaceBook account, you can skip typing on this page by just clicking on the blue button on the right side of the page labeled “Connect with FaceBook” instead.

BlogTalkRadio.com will send you an email to confirm your account, and when you receive the email, you **must** click on the link in that email to confirm your account.

Finally, go to [EMPact Radio’s web page](#) and start watching *and positively reviewing* our broadcasts.
